March 2023

HMC BV IS PROUD TO ATTEND AND BE A PARTNER OF THE MARITIME INNOVATION PLATFORM

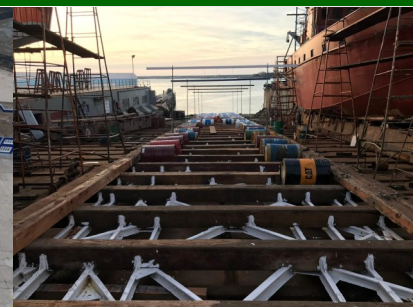

[HMC BV](#) is proud to become a partner of the [Maritime Innovation Platform](#) to participate in innovative ideas and solutions, also to be part of maximizing the potential for innovation.

We believe that innovation is the basic block for economic growth and development, it is the first step to have a new vision for the future. (A future which will take the maritime industry to another stage).

HMC BV IS DELIGHTED TO BE PART OF LAUNCHING PONTOON DESIGN AND OPERATION FOR ASTILLERO NAVAL "FEDERICO CONTESSI Y CÍA S.A."

HMC is proud to announce the collaboration with Federico Contessi y CIA S.A. to improve the facilities for launching in the shipyard. As a first stage, HMC will carry out the study of a new launching system including floating pontoon and jack up leg system, to determine the optimum design that will best fit the case. The final design will be implemented by HMC whom will assist the shipyard in the installation and the launching operations.

MARINE EDUCATION - MARINE WARRANTY SURVEY (MWS) COURSE MARCH
