April 2023

## HMC SIGNUP NEW CONTRACTS FOR CPC LOADING INSTRUMENT UPDATE 2.0

HMC continues to satisfy its customers by providing new update for their old CPC 1.9 to 2.0.

The update provides shipowners / managers and crew with new features for extra safety on board. HMC started the month with new CPC Loading Instrument contracts with the following clients:

- Steenstra Shipping (HENDRIK-S)
- Reederei Jens & Waller GmbH & Co. KG (MV KAROLINE)
- Marine Supply (MV Norbjørn)

**WE WILL  
ALWAYS BE AT  
THE  
EXPECTATIONS  
OF OUR CLIENTS**

## MARINE SERVICES (MS) OUR ENGINEERS TESTING SAFEPLAN SOFTWARE FOR HEESEN YACHTS

HMC BV engineer team successfully tested SafePlan Software for Heesen yachts. SafePlan (Strain Analyses and Fatigue Engineering) is a software suite consisting of a number of applications. The programs inside SafePlan are installed on all kind of yachts and other ships. SafePlan is co-financed by the European Union and the European Regional Development Fund (ERDF).

Europese Unie  
Europees Fonds voor  
Regionale Ontwikkeling

EUROPESE UNIE  
Europees Fonds voor Regionale Ontwikkeling.  
Mede gefinancierd in het kader van de respons  
van de Unie op de COVID-19-pandemie.

## MARINE EDUCATION (ME). HMC BV ATTENDED TWO INTERNSHIP MARKET EVENTS

**HMC BV is proud to attend two internship markets during April.**

April is the month of achievements. [HMC BV](#) attended the Internship Market (ROC van Flevoland) MBO College Almere which was a very nice and fruitful opportunity to introduce our company and what are our principles, also getting to know the students more and in what sector they are interested.

It is always nice to combine our skills and future perspectives together.

Also being part of the inspiration day of the Internship market for Engineers at (MBO College-Almere) and meet with students from the Engineering specialization was a great chance to introduce HMC to students and present to them the projects we run.
